Spring Work & Preparing for the Growing Season

Spring has arrived, and the garden is coming to life!

Our new raised beds and greenhouse are now fully set up and ready for action. Seed sowing has begun and we're excited to start nurturing seedlings that will grow into this season's produce.

It's a busy and hopeful time in the garden, with plenty of opportunities to get involved as we prepare for the months ahead.

Carpark & Water Connection

We're delighted to share that mains water has now been successfully connected at the garden. This is an important milestone that will make a big difference this season.

With this essential work complete, the remaining improvements to the car park will be moving ahead in the near future. We would like to extend a big thank you to all those who have helped this happen.

Produce Day Returns from 10th April

We're pleased to announce that Produce Day is back!

This is a wonderful chance to share in the abundance of the garden, connect with others and enjoy fresh, locally grown produce.

Every Friday will be Produce Day at the Community Garden, so keep an eye out for updates on our social media accounts and come along to be part of it.

We look forward to seeing you there.

Garden Playdates start 6th April

Garden Playdates will be starting again from Monday 6th April, running from 10:00am to 12:30pm. These relaxed sessions are open to parents, carers and under 5s, offering a welcoming space to connect and play.

Children can enjoy the sandpit, playhouse and a range of play activities in a safe, nature-filled environment.
